Michael and Jason: Thank you for the call just now regarding sharing information regarding the Gold King mine release. Here is the list of folks I know of that are evaluating data. I am glad to hear that Arizona Geologic Survey has a wealth of USGS and other data. I agree that it would be a great idea for us to all share information that may help in interpretation of the current situation. The validated EPA data is on the Gold King Mine web site, although it doesn't show up on the interactive map. We are working on that:

USEPA: Harry Allen [allen.harryl@epa.gov](mailto:allen.harryl@epa.gov)

Navajo EPA: Steve Austin [nnepawq@frontiernet.net](mailto:nnepawq@frontiernet.net)

ADEQ: Jason Sutter [JS9@AZDEQ.gov](mailto:JS9@AZDEQ.gov)

AZGS: Michael [Conway@AZGS.AZ.GOV](mailto:Conway@AZGS.AZ.GOV)

Or you can reply to all if you would like to transmit data. Thank you!
